

Heathenpride

Issue Nr. 3

Victory at Any Cost!

EDITORIAL

This is the first issue of *Heathenpride*, an official Pagan Front publication whose only purpose is to promote and support the Racialist, Heathen and NS scene. There was an intention to release this as a newsletter, but things developed different because of various reasons. We will try to make more issues of this publication, not so frequent but at least two or three issues per year would be fine.

We are waging a War, the survival of our Race, Heritage and Culture is at stake. We are not a part of some subculture or a club. NSBM is a Weapon of Propaganda and we won't tolerate brainless kids who just pose for some reason and slag the Movement. We don't care if all these liberal metal kids label us as "bigots" or "racists"... We are not afraid of names! Our sole intention is to make NSBM a part of the White Power scene. NSBM is definitely not a part of the metal trends. Those who want something "safer" can stick to the usual black metal trend and spend his life head-banging and attending gigs. Only those who are determined to Fight for an Aryan Europe, for the survival of our Race and they are ready to make sacrifices are those who will strengthen our ranks. To those few this mag appeals...

HAIL THE HEATHEN TERROR MACHINE! HAIL THE PAGAN FRONT!

W.O.T.A.N. 14/88!

To both our Comrades and Enemies:

NO ONE MENTIONED... NO ONE FORGOTTEN!

THE KRYPTeia

The *Krypteia* was the first action of ethnic cleansing in Europe. The helots were the enslaved indigenous inhabitants of the region that the Aryan Hellenic Dorics invaded and established the kingdom of Sparta. This article is an answer to all these leftist neo-"pagan" hippies who claim that our Ancestors were not Racialists or intolerant!

(Taken from *Plutarch, Life of Lycurgus of Sparta, 28*)

"Now in all this there is no trace of injustice or arrogance, which some attribute to the laws of Lycurgus, declaring them efficacious in producing Valour (*andreia*), but defective in producing righteousness (*dikaiosyne*). The so-called KRYPTeia at [Sparta], if it really was one of Lycurgus' institutions, as Aristotle says it was, may have given Plato (*Laws* 630.d) also this opinion of the man and his constitution.

This is as follows:

The magistrates from time to time sent out into the countryside at large the most discreet of the young men, equipped only with daggers and necessary supplies. During the day they scattered into obscure and out of the way places, where they hid themselves and lay quiet. But in the night, they came down to the roads and killed every Helot whom they caught. Often, too, they actually made their way across fields where the Helots were working and killed the sturdiest and best of them.

So, too, Thucydides, in his *History of the Peloponnesian War* [IV.80], states that the Helots who had been judged by the Spartans to be superior in bravery, set wreathes upon their heads in token of their emancipation, and visited the temples of the gods in procession, but in a little while afterwards all disappeared, more than two thousand of them, in such a way that no man was able to say, either then or afterwards, how they came to their deaths. And Aristotle in particular says also that the Ephors, as soon as they came into office, made formal declaration of war upon the Helots, so that there might be no impiety in slaying them.

WOTAN MIT UNS!

By Hofding Warge

As an Odhinist, would I have to believe in and to worship Wotan at all?

It would be obvious to some extent; yet the way I do believe in and do worship Wotan is not all that obvious. Because as far as I concerned, the Ases are but representations of all which matters: deities and idols to identify with, images and symbols to be exalted by, fathers and forefathers to Honour and to be proud of.

But the fact is that I do not have to believe in or to worship Wotan – King and Father of the Ases – in any other ways than I do believe in and do worship myself – I am his Flesh and Blood, his Soul and Spirit, for I am of his posterity and the Archetypes in my Race are his.

NEWS AND UPDATES

- Hendrik Möbus has been transferred to a new prison and has a new address: **Hendrik Möbus, Im Stemker 4, 99958 Tonna, Germany.**

He welcomes all supportive correspondence. Please remember he cannot receive publications from individuals, only personal letters. Those with access to German postal stamps should include them in their letters. Do not include any symbols or anything prohibited by German law. The censors will not allow such mail to reach him. He can get mail in German or English, but can

only answer in German. He also usually needs German postal stamps to be able to answer letters. However, please send him letters or notes of thanks or support even if he will not be able to answer them. He very much looks forward to getting mail. Never forget our POWs!

- TEMNOZOR' have just finished their new release called "Horizons...", which will come out some time in 2002. The material of the new TEMNOZOR' CD can be described at least monumental Heathen Black Metal, one of the best releases ever from Russia! Also in preparation the Woods of the Fallen material. For more information about both bands, contact STELLAR WINTER at: **c/o Gorruth, PO Box 838, Moscow, 115470, Russia** or sswinter88@hotmail.com.

- KATAXU are working on the second album. The title is still unknown. In preparation the official website of the band.

- Jason, the lead singer of the Vinlandic RAC band INTIMIDATION ONE was arrested recently in Germany. It seems that the so-called democratic EU tries to adopt a Soviet outlook...

- A new split CD between two Veteran NSBM bands, ABSURD

White Aryan Resistance

and PANTHEON, has been released by the German label Nebelfee Klangwerk. This release contains unreleased or re-recorded material from ABSURD with tracks like "Death from the Forest",

"Triumph of Death" and "Böse", and the debut PANTHEON release "Galdur Vikodlaks", which was released in the past by traitor's Nathan Pett label, Fenris Wolf.

- The latest release of DARK BLAZE

STRONGHOLD is mini-album of INFERNAL WAR "Infernal SS". The fact that part of the members play in HONOR, as well as participation in "The Day of the Rope" comp. brought them relatively large popularity on Polish scene, however the main attack has just come. The above mentioned CD contains 6 original tracks (plus cover), which destroy most contemporary releases. The music is one of the most aggressive, fastest and best produced since many years. For more info contact: Syrragh@wp.pl

- The Vinlandic label Black Sun Rec's has released the 7" EP of DER STÜRMER "Iron Will and Discipline". Also new DER STÜRMER T-shirts and longshleeves have been just released by Vinland Winds Rec's.

- A successful NSBM gig was held in Slovakia this summer with

SUNWHEEL (who are recording their debut full length release at the moment), IMMORTAL HAMMER, OLD LEGACY and others. This gig is just a taste of what is going to follow. Another NSBM gig that

turned to be a great event was the live appearance of the Vinlandic NSBM bands WOTANORDEN and GROM with the HateCore veterans BLUE EYED DEVILS. It is positive to see such unification gigs between NSBM and RAC bands. We hope to see more in the future.

- Still on the gig front, another great appearance was made by two German NSBM bands, HALGADOM and FROSTKRIEG in October in Germany. HALGADOM have already released their second CD "Verdunkelung des Göttlichen", entirely based on Folkish ballads in the vein of Frank Rennicke's music.

- Rumours say that the Vinlandic extremist band GESTAPO SS are going to enter soon in the studio for a new recording. We hope that this will eventually come true.

- The new material of the Polish band OHTAR entitled "Deep Woods" is going to be released by Old Legend Prd. Also SELBSTMORD have finished the recordings of their new CD. Keep an eye open!

- MTV was going to have a big anti-White concert in California this year, but they are really thinking of canceling it. Their last anti-White concert in Germany was a bust, apparently the whole placed was trashed by skinheads and soccer ghools.

Wotanorden

First of all give a brief history of the band and the reasons of its existence.

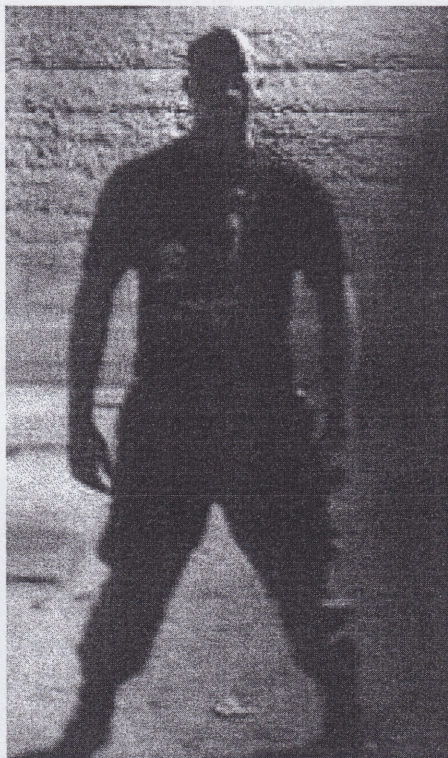

- WOTANORDEN began in 1997 when Tyranath (drums) and I (Szordrin - vocals, guitars, bass, synth) collaborated our musical and Racial / Cultural beliefs together to create a very powerful, racially conscious band! The music scene in our area was terrible, consisting of "so called" metal heads who mixed nigger music with metal for a larger scale, and more popularity! This sickend us from the begining, all the white youth in the area wanted to be black! They had no pride what so ever in their Race or Culture, some of these people in the past "claimed" then to be white power, turned into nothing but weak nigger loving band wagon jumpers! We were the ones to keep our beliefs and views, and take them to the most extreme level, that was when FARKASKOLDUS / WOTANORDEN was created! It was a stand against these sickening subhumans who weaken the minds of our local youth!!! Tyranath and I have been in a few different projects in the past before WOTANORDEN, that were always racially active, but those projects did not last long. Our music combines the Heathen past of our forfathers, with the National Socialist ways of today! I am of German and Polish descent and Tyranath is Russian and Welsh. We are very proud of our Aryan Heritage, and we will fight to the end for the existance of our Race!

How's the NSBM scene of Vinland? Do you have any contacts with Skinhead bands?

- Well the NSBM scene is growing in Vinland, but it is very scattered. We have been in contact with PANTHEON, BELLUM, GROM and a few others but, we all are a good distance away from each other. Hopefully we can make a tighter circle here in Vinland in the future! You have a lot of posers in the movement as well that say they are total NS but by their weakness and incompetence, they always show their true colors!! As far as Skinhead bands, the two movements are slowly coinsiding with each other more and more, we have been in contact with the K.S.S. (Keystone State Skins) trying to get local White Power shows happening in our area! We are going to have a show in October with the skin band BLUE EYED DEVILS and a few others they will contact, we are going to get GROM to play as well! So things are starting to happen here in Northeast Vinland within the NSBM movement and the Skinheads!!!

How's a Racist's life in a decadent country as America? Have you ever been jailed or else?

Well in this country it is a struggle because every other mud culture is glorified but the white Europeans. You have the million black man march, Puerto Rican pride week, black history month etc... We are the devils to them, even though everything they know and live by was invented by us! The

niggers hate us because of the slave factor, which a lot of our ancestors weren't even over here at that time, and the Jews silently use us by making money on all the hard working white families! It is sickening, the entertainment industry in this country as far as television, radio, sports are all owned by Jews and they are pushing the popularity of niggers on us! You can not even turn on the television anymore without seeing a nigger sitcom on TV, they even have their own fucking station called "black entertainment television"! It has gone too far in this country!!! The white kids who do not have racially conscious parents are destined to act like a fucking monkey now, they think it is totally cool! The crime rates in our country is about 70% black and 20% spic! That just shows how bad our country is!!! This is what our fight is about, racial segregation!!! We cannot live amongst these subhumans, our race is much more advanced than them! But almost everyone for some reason are blind to it! The Jews have a very powerful voice in how things are ran in

our country, they are the ones who are living the "American dream" and they send half of the millions they make back to their homeland, that is why Isreal is prominent! These inferior waistes of life need to be put into the light, but the White people do not see this, because the jews control the media as well! The only thing to be done at this point is to spread our word through propaganda and try to awaken our brothers and sisters who are asleep and brainwashed by this corrupt government! Now they are taking away our freedom! If they have any little theory of someone trying to make a difference and shed light on the real facts of how corrupt they really are, they have the right to raid your house, tap your phones, and even take you into custody on the grounds of "attempting to terrorize the national saftey of the people". This is a new law passed by President Bush called the "Patriot Act"! Even though it is totally contradicting our constitution and amendments!!! Fucking hypocrites!!! They will seize upon the true patriots of the people to protect the corrupt, deceiteful jews in power! Well I have never been arrested for my beliefs as of yet! In this point in time we cannot go blindly attack subhumans, because it is useless as of now, what needs to be acted upon is the unity of our people! That is what the jews and niggers have over our race as of now! That is something they wanted to make sure of, to break the unity of our people and to strengthen theirs! At one point in this country we were very unified, it was unthinkable to even date or breed with another race, it was the utmost treason and dishonor to ones family! Well since the 1920's the Jews made sure they would put an end to that! Now it is totally accepted over anything to interracially breed!!! You see more and more beautiful Aryan women with the ugliest apes you had ever laid eyes on!!! That is the most terrible thing for one to see! When I was younger I got into a lot of trouble with the law and school over these facts, I would attack them first hand, but I see these nigger lovers

now and I think they deserve to be put to death along side the niggers! They are the weak points that our struggle does not need! America is indeed a struggle to live in and keep your sanity while looking at the society around you! There is a major growth in the awakening of our people here for sure though, it is becoming more and more clear to our people what is going on around them without anything being said, the Blood inside them cries for unity!!! This what I call the "White Enlightenment". My song of the same title is about the reawakening of the Aryan Spirit, how our Ancient Blood cries for vengeance of our people! This shall become reality here in this country and across the world in the near future! There will be a Race War, and only the strongest shall stand!

It is well known that in America several (mostly nigger) churches have been burned to the ground... Are such actions still happening? Can you give us some information about these actions?

Yes it is not spoken about much anymore in the media these days at least what I know of, but from the statistics that I have researched, thousands of churches have been burnt down within the last ten years and a great deal of them were black churches, especially from the south eastern part of the U.S. (especially the old Confederate states)! It is still happening as we speak all across the USA, black churches and white churches alike. But there was a lot of controversy on if the black church burnings was an act of racial terrorism or just attempts to destroy peoples faith! I am pretty sure it was an act of both! There is still a lot of angry White people in the South that hold in their hearts the vengeance of their Confederate forfathers, who will take that stand to try to drive out the spooks who are bringing crime and disharmony in their once white dominate land! They will never find out really who was up to it because millions of Whites in the South feel that way, there is no way of knowing if it was a White supremacist organization, or patriotic White southerners who just do not want them in their neighborhoods! The fact of the matter is what was done is done and it was for a good cause!

Are you a member or do you support any Racist/Heathen organization?

- Yes I am a proud member of the Paganfront, this movement is the greatest that the NSBM movement has seen yet!!! I am not part of the National Alliance but I do support their struggle 100% I am in contact with a lot of white supremacist organizations, like the K.S.S. (Keystone State Skinheads) which they support the NSBM movement 100%, they think that it is a very good Idea that both of our movements collaberate with each other under the great cause of white supremacy!! I am a practicing heathen, I am part of a Germanic heathen tribe which share the same NS ideoligy as I, we practice the seasonal rituals and pagan ways of life that our great forfathers once practiced!! I think it is crucial for our race to realize and practice these ancient ways of our people, it is our culture and heritage!! They are not part of our movement though, but they all are white supremacists as much as I!

A Race War in America is brewing for sure. Do you believe that the Whites are prepared for such a War?

- Well this is a tough one to answer, well first off the white supremacist movement in Vinland is bigger than it has ever been in the last 100 years! People are starting to wake up more and more because of how clear the problems are with other races causing trouble all the time! Just recently in a town next store to mine, three niggers broke into a white couple's house, and attacked the man with a hammer, they threw a blanket over him and beat him senselessly with it! Then they beat the man's wife around and all three of them raped her for two and a half hours, making her suck their dicks and they took turns fucking her as well while they held her down by knife point! Then they robbed the place! This is a regular thing in the USA, this shit happens all the time, and it is usually nine times out of ten niggers doing it! But our government tries not to point the fingers at the niggers, they try to hide the pure evidence they have right in front of them! The town in which this incident happened was a predominately White town for its whole existance except for the last ten years now! White people are getting more and more angry at these situations recently for sure! But then again, almost 80% of the White youth in this country want to be black now, they will kill their own kind to protect

these niggers, they think we are the criminals, not them! In these times I do not feel that the White Europeans of the USA are not ready for such a war as of now! Our Movement still needs a lot more people, and a lot more unity! But I feel in good time we will be able to hold our ground in battle for sure when everything all goes down! We are few now, but we are strong! Actually in a lot of ways these nigger gangsters are killing themselves off right now in gang wars, they lack total intelligence and they have no conscience! It is if someone left all the monkeys out of the zoos and gave them hand guns, that is how our cities look, this country should be called New Africa because if something is not done in the future, that is what this country shall be! There is a

town in my state of Pennsylvania called Germantown, this town at one time was all German!!! Now you walk into Germantown and you feel like you just stepped into a third world country, it is all nigger, I felt like I was the minority, not them! The state of Pennsylvania itself at one time was prodominately German, hence the Pennsylvania Dutch!!! Now if you talk to a youth with Pennsylvania Dutch in them, they do not know what it is, or where their ancestors came from, the fact is they do not even care! In the USA European culture is almost totally forgotten except for the white supremacists and some Irish festivals and german festivals they have once a year, but those festivals are a joke, they do not teach people of the culture in which they were intended to! But there is hope as I have said, I see a lot of "typical" White american people waking up more and more, how can they not when the facts are so clear! All I can say is that I am European and I am proud of my heritage and culture! Proud men fought to keep our Race pure of Blood, and as they have done shall I fight to cleanse our Race! I will fight to the end! The last thing I can say on this topic is that I hope for the best and I will keep spreading the word through propaganda, and so will all our other Vinlandic brothers of like minds, and we can only wish for a great outcome of victory in the end!

Have you ever considered leaving America and settle in Europe?

- Actually this question has crossed my mind quite a lot, yes, moving back to my Fatherland would be a great thing. It is

hard living in a country that is a cultureless wasteland, nobody has any real Heritage and Culture here except the niggers who have there slave culture to keep pushing into us hard working White men's faces! I am half Polish/half German and second generation of both in Vinland. I am very proud of both of my nationalities and the strong Aryan Blood that flows through my veins from both sides! I would move back to Poland because that is my father's side, in that, I am a Pole! It is quite understood though that in European countries ZOG has a great influence over there as well, especially Germany which is turning into third world mud land as much as America has!!! It is disgusting to see the lands of my people being infiltrated by these apes!!! But I feel Poland is not quite as bad as Germany as of yet, but in Poland the Catholic influence is terrible the people are pretty brainwashed with it! But all in all it is much better than America is in these times!

Which in your opinion are the best mediums for the Racial Awareness of the Aryan Folk?

- Well I would say through propaganda, that is a good way to spread the racial awareness to our Folk! As well as enlightening those who want to listen, cause if they don't, they are a total waste of time! A lot of the times skins around the area put up racial awareness stickers on anything they

come across like telephone polls, telephone booths, etc... I think that is a very good idea, because when people are there, they will read it for sure, and a lot of the stickers have statistics of the problems we have with niggers and such on them! It is good hard evidence in the peoples faces! It is good to spread the message for sure, when people think of National Socialists, they think we are

worse than the muslim terrorists! We are the Defenders of our people and they think we are the enemy! This is what we have to change in the minds of our fellow White Folk! We are men of Honor and Heritage, and our fight is for the existence of our Race and Culture!!! Our Race is stagnant in numbers as of now, the muds are slowly outbreeding us here! The more muds who come, the more the Whites get used to being around them, then they start to breed with them, and contaminate Ancient Blood that has flown through their veins for centuries! But if Whites see anti-immigration stickers and statistics on the Puerto Ricans and Muslims and dotheads coming over here, they will think twice before letting them move into a White dominate town! But over all propaganda through music, flyers, shirts, word of mouth etc... is the best! Every one of us wants to go out and kill these fucking muds but in these times it is really not worth it as of yet, the Race War will come itself and when that time comes, through us the Elite, we will have enlightened the minds of our lost people to wake up! National Socialism is now world wide

from Europe to the Americas, it is becoming much larger than the Third Reich was, but we are not organized and we are not all together, but through the efforts of all our Aryan Brothers worldwide, we can build a great number of our awakened Folk to stand up for themselves and their Race! The niggers in America have been doing this for quite some time now, and out of weakness and jealousy the White youth want to join these apes instead of their fellow White kinsmen! If they only had the right people around to show them the way, I think they would choose their White brothers instead of belittling themselves to act like an ape! That is the biggest problem of it all right there, the Whites through the brainwashing of church and state have submitted any little pride they had left of their true nationalities and succumbed to the ways of Jewish America! Their kids not even knowing anything because of their parents weakness, follow the ways of what they see and hear in the Jewish controlled entertainment industry, they see that the niggers got the money and all the White chicks etc, and then they want to pursue that lifestyle! If Propaganda has been spread in these areas, throughout a couple of years, I am sure a good majority of the White kids would actually start to open their eyes to the truth in front of their faces, but nobody is there to show them the way now and that is a big problem! In my area I talk to some of the youth who are brothers of friends and my family too of the true ways of our people, and the great thing is they listen to me! Now half of them are skin and are delving into National Socialism! Our youth are the ones who need to be influenced above all else. There are good skinhead rallies sometimes too around here which definitely makes an impact on people for sure, and there is a lot of us in these rallies! But half the time people don't know what we really stand for and they get scared, or the ARA come and start to pick fights with the skins attacking us when we have done nothing wrong but spread our beliefs, these are the muds and everybody who support them, and it makes them angry because they know what we say is the truth, they feel violated! But all in all I think more can be done through underground propaganda and message than to rally in the streets, but both have quite an impact for sure! but the last comment I have to say is that if we all do our part somehow to spread the word through our music, rallies, concerts, propaganda or word of mouth, people will listen! Heil to those who listen!

How do you see all these nihilist and metalloid bands that infest the scene? Have you ever confronted any such people?

- Yes, these people are fucking useless scum who have no real fight or spirit to them, they are trapped in their little fantasy world of dungeons and dragons and christianized myths of Satan and demons! These people are a total disgrace to our Movement and style! You have all these Cradle of Fag imitation bands out there who are terrible, with their gothic faggot image and their nihilistic, self degrading, satanic bullshit! These bands/people are totally a waist of life, and they are what true NSBM is totally against! You have all these bands who were Satanist a year ago and all of a sudden out of the blue they are now pagans/heathens? Some of these people try to stick their noses into our movement and say they are NS, but when it comes down to their true actions, lyrics, messages, etc, you see none of this from them! I personally do not even waist my time with these scum if I do run into them, I have far more important comrades to speak to and make things happen in our movement! The NSBM movement is not about doing drugs, partying all the time and eating pizza and fast-food etc. We have real goals, and contributions to give forth to the true Heathens and Aryan Brothers of our Movement! To these useless metalloid scumbags, it is all a big joke, and a way to

make money by acting like a fag in their, so called gothic/romantic weakling faggot subculture! We are not fags who dress up in leather and try to look sad all the time! We are men of Pride who raise our heads high in Honor! We are positive people who look at life as a great privilege and we will die for what we believe in! There is so many of these useless BM bands and people that, to mention their names would fill up the rest of this interview! These people mean nothing to me or our Movement, these people might as well put guns to their heads right now and save the world from their useless existence! It is a shame that we have to share the same title of BM with these nihilistic, self pity, Untermensch! Half of these people in the new BM popculture are Jews or slant eyed fucking muds who want to be accepted by the White youth, in the beginning blackmetal was intended for Whites and Whites only, not for any other third world scum, and that is how we keep it in the NSBM movement and the PAGAN FRONT! We keep it pure to what is was originally intended to be, and we take it dead seriously! The weak ones who do sneak their way into our Circle eventually show their true "colors" in time, always!

What do you think about the KKK, the Aryan Nations and the christian identity movement?

- Well, first off I personally feel to totally rid yourself of foreign Jewish influence is to be free of Christianity 100%! The KKK and the Aryan Nations are Christian Identity for sure! How can you say you hate Jews when you worship the king of them? We have our own culture that is much more powerful, beautiful and more realistic, Heathenism is in our Blood, it is our Heritage! The KKK has kept the niggers out of a lot of White dominant towns for a long time now and I give them that credit, but they are only half way into the real White Enlightenment, Christianity is Jewish no matter what way you try to look at it! These movements are still blinded by what their families have believed in for a couple centuries now, but they have to realize that by calling themselves Christians, they are still supporting their true enemies! Even those who call themselves National Socialist but still follow Satanism are still on the same level, they are only half way there! Satan is just as Jewish as Christ is, it is a Hebrew word! In that, I do not support any Aryan Christian Identity movements whatsoever! My battle is of both realign and Race, they go hand in hand, and these Christian movements have to realize what happened to our Ancestors when they did not want to accept the strange faith of Judeo-christianity! Our true Heathen forefathers of old were forced into it by sword point and out numbered by rich kings' armies, which comes to the point of money, another very Jewish invention in which how those kings became corrupted into it! But these movements still think that Christianity is a very strong European culture, well it isn't! It was born in Israel and that is where it needs to stay! These people are pretty much just as blind as the rest of white folk who are still hypnotized by Jewish and other mud culture influences! I feel we do not need these movements in our struggle, there are many other great Aryan movements who believe and live by the true ways of our race, for instance the PAGAN FRONT is totally against Judeo-christianity and any other non Aryan Culture that has nothing to do with where we come from or where we live in! That is the true way to Aryan living and belief, that is truly the Weltanschauung of our Race! Heathenism is a true belief in what gives us life and a strong unity of our people, National Socialism is just the modern rebirth of these beliefs, so how can one call

themselves a National Socialist and believe in a religion that is totally against everything our NS beliefs stand for? I call these Aryan Christian Identity movements nothing but blind, dumb hypocrites!

They are people that we definitely do not need to support us or us to support them! I feel that their struggle is one totally separate from ours, and they need to wake up!

Do you think that the americans will ever awake and become aware of the jewish influence? How do you think that something like that can be achieved?

- I feel that a lot of White people in America, will not wake up, they will die out with the rest of the third world scum that inhabit the country now! Then again there is also a lot of White youth here that are waking up, the problems are so clear in this country that they feel that they have to stand up for their Race and Culture which is on the brink of extinction in this country! It is sad but it is true, the Jews have the upper hand in how this country is ran, and what is pushed upon us through media and entertainment, and the blind, so called "Patriotic" Americans pretty much believe everything that is pushed upon them and thrown into their faces! They feel that the government is much smarter than them and that their decisions are always right! These white Americans are so blind to everything that is going wrong, especially the older people who are used to shutting their eyes to problems in the country, they were brought up to be that way! A mass majority of the white youth as well are totally for the popularity and dominance of niggers here as well, they want to black more than anything in the world, to them that is the coolest thing to do! Now you have all these white kids talking and dressing like niggers, and listening to their music and messages! Half the time in these rap songs they are talking about raping white women and killing whitey! I feel these people deserve to die right along with the niggers, jews, spics and any other mud when the Race War does finally go down! It looks very hopeless in this country, but there still is a lot of proud, strong Aryan men and youth who will fight their hardest until their death to save our Race and Culture here, and their numbers are still growing! But overall I do not feel that the majority of white people in this country will ever wake up from the Jewish influence here, they are brainwashed and they will die out with this broken melting pot called America! With all of our contributions to spread the word around our local areas, many new people will be recruited into our movement for sure and that is all we can do, just keep spreading the propaganda and speak to the people who listen, surely there will be intelligent youth who shall follow in our footsteps to help fight the Jewish influence in our country! That is what we all must strive for, even though the odds look like they are against us! We are the Übermensch, even though we may be out numbered, we are stronger and much more intelligent than these apes who now inhabit our land! We will win in the end, and the Jewish influence in this country will crumble to the ground before us! They will pretty much defeat themselves by trying to go against the greatest law of all, the law of nature! This country is defeating itself right now as we speak, it is entering it's demise, and the weaklings who believe in this Jewish wasteland will perish with it, but our Aryan Spirit shall live on, because it is the true nature of our people and culture, in that, it will never die!

Close this interview as you wish.

- I thank you for the interview and support you have shown us! The Heathen Holy War will never die in Vinland, we are a Weapon against Jewish Zionism! WOTANORDEN IS A PROUD MEMBER OF THE PAGAN FRONT! 88!!!

The Subhuman

from Der Untermensch

[Official publication of the SS Hauptamt-Schulungsamt;
Berlin, 1942]

As night rises against the day, as
light and dark are eternal foes, each
to the other, so the greatest enemy of
man -- of man, the ruler of the
universe -- is man himself.

The sub-human, biological creation of nature
though he be, and though he seems somewhat
similar to man, in that he does, admittedly,
possess hands, feet, and a lumpy something in
his skull that looks vaguely like a brain. But this loathly creature is an entirely different
creature altogether -- a warped and vile caricature of the noble form of man. The sub-

human's features seem to suggest a resemblance to those of man's in some small way, but intellectually and spiritually this
creature is lower than any animal that walks upon the earth. For the sub-human's inner world is a mad and sadistic chaos in which
rage the foulest and most unbridled lusts -- an insuperable will-to-destruction, the most primitive desires, the most filthy cess-pool
of a soul.

He is a sub-human, and he'll never be anything but a sub-human!

We must bear in mind that not everything is equal that has a human face
attached to it!

And woe to him who forgets this!

Whatever this earth has achieved in the area of great works, thoughts, and arts,
man has thought of it, man created it, and man invented it. Man had but one
purpose: to struggle onwards until he had reached a higher existence, had
completed that which was unfinished, and replaced the inferior with that which
was superior.

Thus, human culture advanced.

Thus the plough was invented, and thus did tools and human dwellings come into existence.

Thus man became a social being. Thus the family was created, and the nation, and the state. Thus man became good as well as
great. Thus he excelled every other living creature.

Thus he became God's neighbor!

But the sub-human lived also. He hated the very idea of the work of another. He raged
and howled against it -- secretly, like a thief; publicly, like a slanderer and murderer. Like
clings to like.

And beast calls unto beast.

And never did the sub-human grant
anyone peace. For what he desired
above all else was semi-darkness,
roiling chaos.

He shunned the light of cultural achievement.

What he needed for his self-preservation was the swamp and the Inferno --
never the light of the sun!

And at last the subterranean world of the sub-human beast discovered the one
equally monstrous being who would become his leader:

The Eternal Jew!

EYE OF ODIN

EYE OF ODIN were formed in January of 1999 in London by members of the old and now defunct RAC bands OVALTINEES and SQUADRON, influenced by the likes of Unleashed, Einherjer, Bathory, etc. They describe their music as Odinist Metal, because they don't play in the way of the "archetypal" Viking Metal. The name EYE OF ODIN has several meanings, as for example the Sun Wheel, the eternal circle of birth, life, death and rebirth. Also Odin sacrificed his eye for knowledge and wisdom. With greater knowledge and understanding it is possible to see things that other people would not. The inspirations of EYE OF ODIN are the great Gods of the North and all aspects of the Northern folklore and Odinic Mythology. They embrace the Ancient Tribes of Europe, the Noble virtues of Truth, Honour, Courage and Strength – the Way of the Warrior – the pride they have for and the history of their Fatherlands, Britain and Europe, the respect that they have for our Ancestors who have given us our Blood-line, our knowledge and the Lands that we hold so dear. Their debut release was called "Odin's Chosen" and they released it on their own. So far they have played live in England and also in many European countries like Germany, Switzerland, Spain, France and Scotland. EYE OF ODIN fight against christianity and the meek servile worms that it creates. They fight against communism, capitalism, injustice, drugs, homosexuals, paedophiles and oath-breakers.

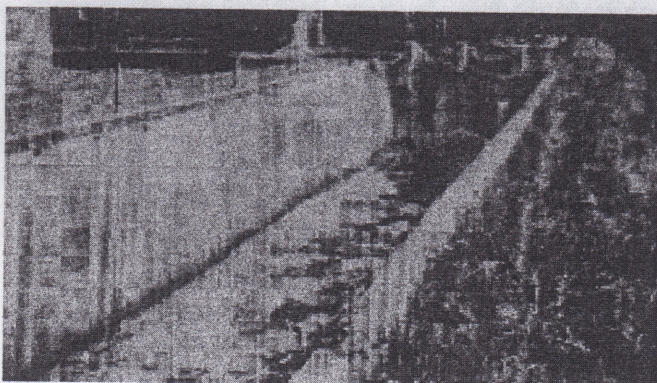

Anyone interested obtaining their CD and T-Shirts, can write them at:

EU considers plans to outlaw racism

RACISM and xenophobia would become serious crimes in Britain for the first time, carrying a prison sentence of two years or more, under new proposals put forward by Brussels. Holocaust denial or "trivialization" of Nazi atrocities would be banned, along with and participation in any group that promotes race hate.

The plans, drafted by the European Commission, define racism and xenophobia as aversion to individuals based on "race, colour, descent, religion or belief, national or ethnic origin". Ordinary crimes would carry heavier penalties if they are motivated in any way by racism or xenophobia, or if the culprit is carrying out "professional activity", such as a police officer. But the list also covers a wide range of activities that sometimes fall into the sphere of protected political speech, such as "public insults" of minority groups, "public condoning of war crimes", and "public dissemination of tracts, pictures, or other material containing expressions of racism or xenophobia" - including material posted on far-Right internet websites. It was not clear how the law would affect radical Islamic groups. Nor was it clear how it would apply to political parties opposed to mass immigration, such as Austria's Freedom Party, Belgium's Vlaams Blok, and the Danish People's Party, all of which have become serious political forces. The proposals, which will require the unanimous backing of all 15 states, are aimed at ending the patchwork of different laws across the European Union and establishing a common definition that can be used by all judges. The commission appears to have adopted the most restrictive code - Germany's - as the basis for the rest of the EU.

The football field in Auschwitz-Birkenau

In the Jewish propagandistic version of the history of Auschwitz, the camp is always portrayed as a pure death camp where the prisoners were gassed to death, tortured, subjected to the most demonic of cruelties, and arbitrarily killed on a daily basis.

The reality was different. Adjacent to the alleged "gas chamber" in Auschwitz-Birkenau, there was the football field of the inmates, giving them a full insight in the alleged "secret". Along with the football field, the prisoners had access to a theater, a swimming pool and a brothel, a fact acknowledged by the direction of the museum at Auschwitz today. This does not obscure the fact that life in the camp was very hard, mainly due to the hygienic conditions and the typhus epidemics, killing thousands of prisoners, and SS-personnel as well. At the end of the war the lack of food also took an increasing toll.

JOIN THE PAGAN FRONT IN THE HEATHEN HOLY WAR!

Werewolf -

National Socialist Freedom Fighters!

from discovery.

The concept of Werewolf as an elite band of partisans was first given formal endorsement in the late spring of 1944, and the task of recruiting, organising and training was passed to Gruppenfuhrer Prutzmann. In order to preserve the secrecy of the organisation, the recruits were obtained not by public announcement but by verbal invitation or by personal recommendation. Once a nucleus of reliable men and women had been assembled and instructed, a wider circle of people were admitted into the secret. The results of this wider trawl pleased the Nazi hierarchy for there followed a flood of keen men and women willing to enlist in this secret force. There was never any need for conscription; Werewolf began and ended as an all-volunteer organisation.

The bitter war in Russia and in occupied Europe had given the German Army a vast amount of experience in anti-partisan operations and it was acknowledged that the SS Jagdverbände were the most efficient in combating the hidden enemy. Because their units had the highest success rates, the best men of the Jagdverbände were seconded to the secret schools to teach partisan skills to the Werewolf recruits. The first and the best of these schools was at Hulcénrath, a castle in the Rhineland. Other training centres were established at Lubbucke, Waidhofen in Austria, Neustrelitz and Quenzee, the old Brandenburg school. Hulcénrath was the best school because it was set up very soon after the Allies invaded Normandy.

A special force such as Werewolf - a partisan army - must be flexible in organisation and in structure. It is a ground rule that such a group must not be large in number, so that in the event of one of the group being taken prisoner and forced to talk, he can betray only a few of his comrades. The officers of the Jagdverbände decided that Germany's terrain and population density could not support within any one area a tactical group larger in strength than a platoon. That formation numbering about sixty men would only be grouped for major missions such as an armed raid. Minor operations, such as a road watch, the cutting of telephone wires or assassination, would need no more than four or five agents at any one time. Groups would normally operate in minimum strength, but would be brought together to platoon strength only for special missions.

Efficiency of partisan groups also depends upon regular supplies of food, weapons and forged identity documents. To ensure that Werewolf has all these things, Prutzmann ordered the setting up of hideouts all over Germany and Austria. In these secret and

On the 24th March 1945, the Lord Mayor of Aachen was assassinated by Werewolf agents. He was not the only US appointed official to die at the hands of the Werewolf, but he was the most important and the broadcast announcing his death on 1st April, was also the proclamation by Reichminister Goebbels the arm of the National Socialists was long and that its agents, the Werewolf, were vigilant, ruthless avengers.

The Werewolf organisation, as originally planned, was the German partisan movement. It was inspired and planned by the Nazi Party, but the administration would be that of the Oberkommando der Wehrmacht, the High Command of the German Armed Forces (OKW), which would nominate targets to be attacked and arrange the missions that were to be undertaken. The theory of the Werewolf was that, as the Allies advanced into Germany, the secret agents of the Werewolf would allow themselves to be overrun. They would go to ground and would later emerge to engage in their clandestine operations. These would take the form of attacking enemy units, destroying the enemies' supplies and destroying his communications networks. In addition to fighting a partisan war, the second duty of the Werewolf was to ensure that the German people remained loyal to Hitler, even though their cities and towns had been occupied by the Allies. Any Germans who collaborated with the enemy by accepting office in the Allied administration would be assassinated. By fly-posting placards, by the distribution of leaflets and through the painting of slogans on walls, the German civilians in the occupied areas were to be reminded of where their duty lay and that it was an obligation to support and encourage Werewolf and to shield its agents

well hidden depots were the essentials which partisan groups needed to keep them in the field. A team of SD officers (sicherheitsdienst - responsible for German intelligence and counter intelligence operations) was made responsible for the initial stocking of the store depots and with the task of maintaining the level of supplies in the hideouts.

A second group of SD officers was charged with procuring false papers and for producing convincing stories for the agents. Werewolf training was hard and the trainers unforgiving. One mistake, the recruits were told, and you were dead. It was not your death at the hands of the enemy which was of concern, but the fact that your training had been wasted by a single stupid error. Mistakes were unpardonable; they were evidence of a sloppy, non-Nordic outlook. Tiredness and sickness were no excuse for inaction. The ability to

cross the thresholds of pain or deprivation were aimed for, and even the youngest recruits were expected to be animated by the task that they shouldered.

Trained in weapons skills, explosives and communications, the agents returned after training, to their home areas, there to await the orders that would take them underground and into partisan operations. They had not long to wait. As early as September 1944, the Western Allies had advanced to the German frontier and had captured the town of Aachen after bitter fighting. In the East, the red army was driving towards the pre-1939 frontiers of Germany. In those threatened sectors of the fighting line the Werewolf prepared for battle, and as its fury rolled over them they disappeared from their villages and met in secret locations to await the orders that would take them into action.

Partisan forces do not operate bureaucratic procedures and cannot afford the luxury of maintaining extensive written records. As most Werewolf operations were launched against local targets, they had to be locally initiated and controlled. In a state, which was dying, war diaries, the most usual method of recording a unit's history, were not kept. The Allies to this day will not tell the full extent of Werewolf operations, and irreplaceable archives were destroyed by fires as part of the scorched earth policy. As far as Werewolf is concerned, not even personal accounts survive. Even today, people seldom admit to membership of Werewolf. They still fear retribution - fifty years on, such was the fury of the Werewolf, and maybe some are still fighting on in the true tradition of the Werewolf!

Katharia

Pure RAC/NSBM
Hate from Vinland

KATHARIA started off
as a Racial

Black/Death Metal band known as SARCOPHAGUS and later MANSON in 1993 with HOLOCAUST guitarist and later on PANTHEON bassist, vocalist, guitarist, drummer, Rubeus XIII on guitars and later on to fill the drum position in 1998. When KATHARIA was MANSON, Polish comrade Volkh drummed and Rubeus was on guitars and Vulturis (Volkh's older brother) on bass and vocals. Volkh has recently returned after leaving PANTHEON after a brief affair with RAC band THE ANTI-TRAITORS under the misnomer Terrorskin14. Also, he made an appearance to drum on GESTAPO SS on the unreleased "Kameradenschaft" demo. Rubeus was strictly the

vocalist/drummer on "Aryan Skies" demo and did drums up until the most recent song "Northlands of Blood and Frost" which appeared on "This is War pt. 2" bootleg CDR including Volkh on drums and Rubeus on leads this time. Wanderer had begun singing on the "Jeszcze Polska Nie Zginela" demo and stayed from that point the main vocalist. He had been in projects such as Phantasm/Nar Mattaru/Grimoire prior to attempting for KATHARIA. Only on "Smashing the Traitors" song did Rubeus make a vocal come back and drummed for the occasion as well. For this performance there were back up vocals from Volkh, Vulturis and Vautrin of PANTHEON. Since the song was really meant to smash the traitors all the comrades had to be there for this one.

KATHARIA has so far been on 3-4 comps. as well as put out two demos and most likely a CD on Clawhammer Records Vinland is in the works. They have appeared on "Common Reich" tape comp., "Smashing the Traitors" tape comp., "Smashing the Traitors" CDR comp., "This is War pt. 2" CDR comp. and look to be on a few more this year. Vulturis is the hateful fuel behind the project. Being known to fight many muds or anyone who challenges his Polish heritage, we are yet to see this fighting machine lose a fight to anyone or anything. Vulturis simply is the aggression behind KATHARIA. Volkh also served a brief spurt in PANTHEON as drummer back up vocalist for the "Ergriffenheit" EP. Wanderer had a zine called At Dawn No Light at one time and writes a lot of the lyrics now. Currently there were some legal problems and moving problems so they are impossible to get a hold of. Though Hakenkreuz Productions has ways of getting in contact it is quite difficult. The future of KATHARIA might have a few keyboards added in, so there may also be some special appearances made by Azul Silverclaw of the ambient pagan NS project AZUL on the next one.

High Hammers to this Slavo Celtic Pagan hate machine trio from the Southwest shores of Vinland!

BURZUM

The following interview was translated from the Norwegian Nationalist magazine "Fritt Forum / Norsk Blad" nr. 7-8 / 1997 by Vidar Ermesjø.

Varg Vikernes, when was your band, Burzum, started?

- Burzum was started on a serious level in 1991 (A.Y.P.S), but at that time I had already for four years been working with the same thing, as a side project under the name URUK-HAI. This name basically means something like "Race with creative thoughts", while Burzum means "darkness" or "light" all depending on the viewer. Both words are borrowed from a fictional language based on old Norse, constructed by J.R.R. Tolkien.

How would you characterize your music and lyrics?

- The music on the five first albums are quite varied. Some aggressive, some dozing, some depressive, etc. The music on the sixth album, Burzum "Balders Død", is totally different from the others, like some "new-classical" way. It is a musical interpretation of the myth about Balder's death, with classical instruments. About the lyrics, I can say they are right through anti-Christian, pro-Germanic and bitter?

Many say that Burzum is Black Metal. How do you react to this?

- People may believe what they want. The new Burzum is not "metal" at all, and I will never create any "metal" in the future either, so I give a good Fuck in what people may believe about the old Burzum. If they walk around calling Burzum Black Metal they might as well call the Sun for the Moon. There will always be people who don't know what they are talking about. Ignore them - simply.

Are you a Satanist, Vikernes?

- No, and I have never been a Satanist either. I have on the other hand used the term in the meaning "opponent to all Jewish religions" - I might name Christendom - in a short period in -92. I quickly stopped using it when I found out that no one else interpreted the term in that way. I'm on the other hand an opponent of Satanism, just as I am a opponent to all other variants of Judo-Christian antireligions. Christendom - Satanism, Judaism, Islam, Hinduism etc. - are all foreign religions, which have nothing to do with our race at all! We always have been, and will always be Odin's race. Heil Odin!

During your trial you were accused of planing to blow up Nidarosdomen, Is this true? (Nidarosdomen is a big cathedral in Norway)

- It is true that my accuser said so, but this was not the case. That I and some of my friends - had planed to blow up Nidarosdomen is a lie. It was also stated that the 150 kilos of dynamite was to be used to blow up the Blitz house and Stortinget (the Norwegian parliament building, found here www.stortinget.no), but this probably did not interest the Jewish press, because if people would have known, then I

probably would have become directly popular. Neither their politicians nor their offspring - the Blitzrubish - are widely popular to the folk, you know...

What thoughts do you make of today's politics in Norway?

- The only outcome of today's politics in Norway is the destruction of our folk and race, we are drowning in what I call genetical garbage. In the Judo-Christian Norway today they worship everything that is sick, weak, cowardice, ugly, non-fertile, foreign and destroyed. Useless human beings are kept alive at every cost - all in

the "humanists" or the Jewish "Gods" name. There is also shown a disrespectful way against Mother Nature, which basically is being raped by capitalists. It's like a thousand years of Judeo-Christianity has broken our races will for survival.

There looks like the spark of life has disappeared, exhausted by the dream of a "Heaven". I can not see any other reason to this, that our race is committing collective suicide through a Jewish dictator. My total loss of respect for everyone who agrees with this kind of politics, and who therefore contributes to the destruction of Odin's holy race, Jarls ætt. A folk who does not resist against the ones who is trying to destroy it, does not deserve to live.

Have your political position made your stay in jail heavier than if you for example had you been a communist or antiracist?

- It depends on what you mean with "a heavier stay". My meanings and ways makes me capable of carrying any burden of any weight on my shoulders, and therefor the effect of my extra burdens that I carry will disappear because of my beliefs. There is no instrument of might in this sickening, weak "democracy" we live in, that is capable of changing "a Norwegian soul in a Norwegian body" in any negative way. Whatever they might do, we can smile and say: "Gelobt Sei, Was Hart Macht" (promised be, what makes me hard(er)).

You have written a book named Vargsmål. What is it about?

- It is about Norwegians, Norwegian culture and Norway. But it is also a defense statement for me. The Book is meant to enlighten people, make them more enlightened about their history and race, and make them more enlightened about what is happening to our "civilization".

Some last words to our readers and to the nationalists of today's people?

- Heill!

HELVETISCHER NSBM SCENE REPORT

Conducted by Zwingherr Greif

Compared to the rest of Europe, the Swiss true NSBM Movement is not widely known. But not for the reason that it doesn't exist. It does. But for various reasons, not many Helvetic NSBM bands have so far recorded and released their works, whilst, as everywhere else, the cheap, profane bunch of commercial poser bands gets all the attention and financial support from the big pop music labels, such as nuclear blast or last episode.

And so, unfortunately, Switzerland is today only known in the Black Metal world for the extreme dull and shitty forsth and their two uninspired poser bm CDs. And after the deserved death of forsth, already the next generation of dimmu burger-wannabes is emerging. Shitpiles such as unlight, atritas, magister templi, moonfog and tons of other such degenerated subwaste will further desecrate the name of Switzerland with their

substandard, second-rated, freemason-judeo-american-bolshevist-leftist pseudo-Black Metal eruptions. It's a shame!

But there are some bands in Switzerland who mercilessly fight this degeneration and profanation. Bands who wage the war in the name of the true National Socialist ideals and values. With sword and shield, with kalashnikovs and panzers they are fighting the trend without end. Shunned and boycotted by the jewish labels, abhorred by the fashion children, isolated from the normal jewish society, they sing their songs of battle and death in the name of the Fatherland and destruction of jews and christians. These bands march under the sign of the Swastika with pride and hatred in their hearts. Compassion and pity are unknown words to these black souls who thirst for the blood of every person not dedicated to National Socialism and Pagan War Black Metal!

In honour to these bands, this article must be written as a monument showing the extreme and true face of the grim Swiss NSBM underground. So now I will start the tale of the hordes roaming our Swiss Helvetic forests and cold mountains.

Hail them with raised swords!

Possibly the oldest true Black Metal Horde from Switzerland is **TARIHAN**. TARIHAN was founded in 1991 a.y.p.s. under the name **PAGANS** by Targaz Ansgisel Von Tannenburg, who remains, until today, the sole member of this band. The concept of this band was always based on the mystical power of the Runes and Germanic mythology. Targaz is by now involved for more than twenty years in historic research on these subjects. In 1993 a.y.p.s. he released the **PAGANS** "Muspili" demo containing eight songs of War. In 1994 followed the **PAGANS** "Berserk'r – Autumn of Hatred" demo. After this he changed the name to **TARIHAN**. In 1995 a.y.p.s. he released the **TARIHAN** "Among Spirits I Wander Beyond the Mist" demo and in 1996 a.y.p.s. the final **TARIHAN** demo "Drachenhort". After this, Targaz went into hiding for a long time. But in his solitude he forged new hymns and now, with new equipment and recording facilities as well as Herr Greif on session drums, he is preparing the recording of the first **TARIHAN** full length CD, probably under the name of "Hohe Fichten". The recordings for this work are scheduled for May 2002 a.y.p.s.

Another band in which Targaz was active during the sleep of **TARIHAN** was **KELTISCHES KIRCHENSTURM-KOMMANDO**. This band does not exist any longer, but it recorded at least one rehearsal and one legendary video rehearsal demo in 1998 a.y.p.s. where they played mainly cover versions of legendary **DARKTHRONE** songs.

Herr Greif

EISENWINTER must also be counted to the older bands of Helvetic Black Metal Terror. And due to its many releases, it's probably also the most known NSBM Underground band from Switzerland. **EISENWINTER** consists of only one member: Herr Greif. In the first creative period, which lasted from '94 to '97 a.y.p.s., **EISENWINTER** released a few demos as well as an EP under the name "Tyrannendunkel" (in 1996). In this time, the style of **EISENWINTER** was massively dominated by keyboard tunes and very epic all the time. In 1998 a.y.p.s.

EISENWINTER went into hiding for a year and when it emerged again from the shadows in 1999 a.y.p.s., the style was totally different from its previous releases. Now a brutal and harsh pure NSBM sound prevailed, leaving no place for any keyboard harmonies anymore. And until today it has remained this way. Since then, three demos have been recorded and released:

"Reichswinter" in 1999 a.y.p.s., "Waffe Helvetias" in 2000 a.y.p.s. and "Helvetische Primitive Black Metal Tonkunst" in 2001 a.y.p.s. The new release is the **EISENWINTER/ARYAN BLOOD** split CD, offering new songs of these two extreme Black Metal bands. This CD is out on **DER SIEG** Records from Germany, who will probably also release an **EISENWINTER** MCD in the future. **EISENWINTER** is to this very day the only true NSBM band from Switzerland that gave many interviews in various fanzines worldwide. And the Battle goes on...

Another respectable NSBM band from Switzerland is **HELVETE**. It is the project of the leader of **Schwarze Orden von Luzifer**, Satorius. Until now, **HELVETE** has released one demo under the name "Might is Right – The Totenkopf Grimoire" (which is also the title of Satorius' first official book). This demo delivers four songs of technically perfect executed and monumental NSBM. It is until today one of the best releases in Swiss Black Metal history. All songs on this demo are connected to the history of Karl Maria Wiligut, the "Rasputin" of Heinrich Himmler, as Satorius is also a seasoned researcher on this field. After a long break, **HELVETE**

is currently working on new material, which will show a mixture of monumental Black Metal and German marching music from the 30's and 40's. For sure this demo will be a real killer and a fist in the face of the Weltjudentum.

A similar musical approach to HELVETE is delivered by **STURMABTEILUNG**, which is a relatively new NSBM band. STURMABTEILUNG is also playing a kind of Black Metal – Marching music. But until today, no demo has been recorded.

Not to be forgotten here is another great NSBM band, namely **WALD**, which were later known as **DIVIKO**. But unfortunately this great act is already no longer existing. In the years 1997 and 1998 a.y.p.s. this group contributed to the strengthening of the Helvetic NSBM movement like almost no other band with their great releases "Helvetischer Wintersturm" and "Endsieg". There were plans for a possible release on legendary DTB label, but due to the split of the band this never came to pass.

An Ideological background for the Swiss underground is created by the two magazines **DER EIDGENOSSE** and the relatively new **DARKLANDS OF HATE**. **DER EIDGENOSSE** is edited in German and soon the fourth issue is to strike. Also there are plans for another German-edited magazine, but no name is decided upon yet. Also there are Pagan organizations such as the **HELAWIG** and **NS Elite Circles** like the **SCHWARZE ORDEN VON LUZIFER** and **AVALON** (one of the oldest Pagan/NS Circles in Switzerland), in which many leading figures of the Swiss NSBM movement are actively involved.

The only official label distributing and producing true NSBM in Switzerland is **FUNERAL Rec's**, which have already released tapes of **EISENWINTER** and **HELVETE**. Further, there are unofficial labels like **ULFETHNIRS**, which are going to release new stuff soon. For the future, **FUNERAL Rec's** and **DER EIDGENOSSE** magazine will together release a Compilation CD featuring all true NSBM Hordes from their country with unreleased and/or new tracks. This will be the horn signal for the attack upon the feeble trendy pseudo-bm posers and a Vernichtungskrieg in the name of true Aryan Pagan Black Metal.

Behold! The Helvetic scene will rise in Warfare and in the glare of burning synagogues!

Helvetischer Krieg, Helvetischer Sieg!

PAGAN FRONT MEETING

Silesia, Summer of 2002

On the Summer of 2002 was organized in Poland the first Pan-European NSBM meeting. This event took place in a forest near the town of Czeszochowa and it lasted for three days. Although it was organized in a bit of hurry (and maybe that was the reason that some certain people didn't manage to travel there), we are sure that it was a great success.

It was for the first time that was given the opportunity for several face-to-face discussions between comrades from Poland, Hellas, Germany and Slovenia, as well

as a meeting between members of the Pagan Front's High Council, were some very interesting and serious matters and lines have been discussed (as for example the entry of new bands within the ranks of the Pagan Front, etc.).

Of course from such a meeting the

presence of ZOG was something that we expected! On the second day, a bunch of ZOG's puppets appeared and tried to have a brief idea about the gathering, but due to wise attitude, there were no further problems caused.

This meeting was just the beginning!

Such meetings will be organized every year, in every place of Europe, because they are vital to our Movement. The Strengthening of our

Folkish bonds and the development of Comradeship are achieved by such events!

Present OLD LEGACY... Which are the reasons behind the formation of your band?

Slava! We haven't any special reason why we started to play NSBM. On the White Power scene more and more bands become to play harder music and because we like hard music, we also wanted to play something like this, but even harder and aggressive than ever NS band in Slovakia before! NSBM was, is and for us forever will be the only way of our fight, because NSBM is not only music. NSBM is war!!!

How is the NSBM scene of your country? Any bands to recommend?

Our scene is in this time at the beginning and is going very fast forward! Many people in our country had already recognize this pure source of power and hatred. The best terms we have with bands called Aryan Triumph and Immortal Hammer. Crimen Exceptum can be also noticed, but we don't know them very much. Also some other bands are already on the way.

Have there been anti-immigrant actions in Slovakia? How the people of Slovakia see the influx of coloured aliens?

New age has bring new problems. Fight in our streets is already not what it was before. Just one word: !!!A.C.A.B.!!! Many people here in Slovakia hate immigrants, but they have fear to do something against them. They have fear, because the political situation in our country is very bad. Our government wants to show to the world that "they can deal with every extremist in Slovakia". All because they jewish lords in the Jewropean Union had ordered this to them. Repressions in our country are comparing and the system has begane to be paranoid. You could have problems here in Slovakia just for saying that Your are proud to be Slovak, saying that Holocaust was a lie or wearing 88, Sunwheel or Runes!!! That is mad! But people here in Slovakia just speak! Their fear is stronger than their will. The main part of a new generation is weak and disgusting. Death to them!!!

Do you support any Organization? Are there any NS and politically incorrect Heathen Organizations / Movements in Slovakia?

We support almost all NS organizations in Slovakia and all over the world. The most The Pagan Front and Blood & Honour . We have enough NS organizations here, but mainly we support our true NSBM underground represented by our NS/Heathen organization called Bratstvo Perúnovej Sekery (Brotherhood Of Perun's Axe)!

Satanism is just a part of judeo-christianity. How do you see the turn of many Europeans to the Ancestral Heathen Creed?

I think that this is very positive. Just NSBM scene had bring to our people this proud legacy of our true ancestors. We think that is right that aryan nations are coming back towards their roots. We respect every european aryan heathen cult, but of course as Slavons, we stand the most for slavonic cult.

How far is your country polluted by the multi-cultural chaos that engulfs most of Europe?

We have many, but really many fucking gypsies here! This is the biggest plague, which worries our country! Also we have many asians here. Our capital city of Bratislava is infested with niggers, albanians, turks and of course jews! Our country is beautiful and still mainly WHITE, but already very infested with filth and our people don't know how to fight back.

Have you ever faced problems from ZOG, the liberals or the reds because of your Ideology?

Yes, we have problems. Last years were the worst ones and I think that it will be never better already. The problem is that two strong anti-NS organizations were founded here, which are close co-operating with police and rich jewish bussinesmen. DEATH to organizations known as "People Against Racism" and "Antifascist Action"!!!!

How do you see the unity between the NSBM and the Skinhead Underground scene?

In our country many WP/NS people don't know anything about NSBM before and that was the reason, they were not supporting us and they said that we are satanists, comediants etc. But this was in the past, now we are becoming more and more united each day, because this people have find out that we are not drug abused satanists, but serious NS people, with that only difference, that our music is much more extreme, than the WP one. Unity is the key to victory!

Are there any repressive laws against NS symbols or Organizations in Slovakia?

Yes of course. Policemen have cards with NS symbols and if they see you are wearing them, they can arrest you.

What do you have to say to those who say that BM should not be political? Do you see the NSBM scene as a mean of Aryan Propaganda?

We don't care about opinion of this unconscious people. They are just weak ones, who wanted to look evil and bad. For them war is just a subject for their lyrics . I think that NS and BM fit together very much, because both NS and BM are about Power, Hatred, Grandeur and War!

Volk Consciousness

By: J. Anthony Picollo

Knowledge of oneself is the beginning of knowing the Infinite essence which some call "God". Everything has its origin and being in spirit, "the seed of all seeds". Everything in the world is a manifestation of spirit. There is nothing in the world which is not infinite, everlasting spirit. Hence, it can be observed that this spirit, this infinite essence, also, manifests itself in the collective body and consciousness of our race.

The living man who finds spirit within himself and his people finds truth. The fool will claim that he can describe "God", the great infinite essence of the universe. Still there remains the need to put this all high concept in the perspective of human thought. We do this through the comprehensive archetypes of our folk gods, each representative of the forces of nature, man and the universe. The ancestral gods and legendary folk heroes of our race are prototypes and examples which provide us direction and purpose. Our noble, heroic deeds, valour, strength, passion, wisdom, both independent and collective, are expressions of our biological determinant. All of these elements are necessary ingredients for our racial survival and ongoing quest in the upright path of higher being of Aryan man. Ignorance of this is the root of our suffering and, ultimately, death to our folk. Whoever remains ignorant is a creature of oblivion and cannot experience fulfillment. Such people will ever dwell in deficiency. Like living dead, they will go through life with eyes that cannot see, incapable of understanding it. The higher Wotan consciousness we possess inside will always be our greatest strength. Ignore it and we will be destroyed by our own weakness.

NOT TRIED TO MANIPULATE US INTO SUBMISSIVE POSITIONS."

The methods of such manipulations are unlimited in modern times. No aspect of life escapes harm; economy, religion, social morality, media, science, arts and medicine, political and social activities are all affected.

Hear some wisdom: "The mind is the guide, but reason is the teacher. Live according to the mind, acquiring strength, for the mind is strong. Enlighten yourself thus igniting the lamp of wisdom within yourself open the door for yourself that you may know what exists beyond." Walk with a full awareness of your own biological being and purpose as you would a straight road, if you walk only on that road it is impossible to go astray. All who gain knowledge in this manner know who they are and where they come from; they know the Allfather, W O.T.A.N., Will Of The Aryan Nation. Original, creative invention is the mark of one who is spiritually alive. Those people among us are the discoverers, inventors and motivators. They are the declaration of folkish evolution and growth, They are like spiritual torchbearers; their rays of folkish growth shine on our entire people. There are those who profess to know the secrets of God. Although they do not understand the great mystery, they proclaim that the mystery of truth belongs to them alone. It is wise to ignore such individuals. They are the enemies of folkish unity, striving through lies and deceit to obtain control over us. This is truth: "NO ONE POSSESSES THE SECRETS OF THE ALLFATHER. THE TRUTH IS MANIFESTED TO, AND IS IN ALL, OR IT IS NOT A TRUTH."

It is wise not to be sheep, followers of whoever comes along saying, "I am the Shepherd." Such people are led unknowingly to their death, shorn of all their dignity. Instead, be as the wolves, for they know unity and neither need nor follow a shepherd.

"Countless Gods are awaiting to become men. Countless Gods have already been men. Man is partaker of the essence of the Gods; He comes from the Gods and goes to God." C.G. Jung From the 4th Sermon to the Dead.

It is said that the road to paved with good intentions. Yet, these same good intentions move many to entrust their destiny to those who are in positions of power. History has proven, time and again, that our trust is quite often dangerously misplaced. One thing has not changed since our Folk permitted alien culture to reside and rule amongst us: "NOT ONCE HAVE OUR GUESTS

In nature we shall never find the weak creatures ruling over the strong. We shall never observe the rabbit lording over the wolf. We shall never see the lion bow to the mouse. We shall never see the day when the snake serves the fish. Although they reside in the same world, they live by the highest Law of nature: THE PRESERVATION OF ONE'S OWN KIND.

MIGHT IS RIGHT is the order of the universe. For our Folk, the highest Law of nature comes down to one thing, our leaders and chieftains should be permitted to rule for only one reason, that they have proven to be great by way of ability and great deeds. When they prove unworthy of ruling a noble Volk, it is vital that they be replaced. A Volk unwilling and/or unable to defend itself against its enemies - internal and external - is Unworthy of being called a "noble nation". They deserve the destiny which befalls them. This is true for the individual as well as the whole. Needless to say, keeping all this in mind, we, as individuals and as Wotansvolk, should never allow our destiny to be determined by an alien culture. This is because our welfare can only be determined by the Wotan Consciousness within us.

"Some fight because they have to, and some fight because they want to, but all of us fight because it is the right and natural thing to do when threatened." - Mikhail Kusnick -

Heilsa Brother Darken! Introduce GRAVELAND (ideology, reason of existence) to the Comrades...

I created GRAVELAND inspired by BURZUM and MAYHEM activities. At the beginning GRAVELAND was very Black Metal band. Black Metal was not only music for me. It was a style of living. Music helps me to live in this spiritless world. It gives me hope and Faith.

Through my music, as I always say, I foresee the New Era of Paganism, new times of Pagan Aryan Empire. Through my music I want to remind people about their true Spirit of Pagan Warriors. Once Capricornus said that there is no sense in playing Black Metal if you do not want to spread any ideology through it. I agree with him. Capricornus and I walk different ways but we have some common ideas. Now Black Metal is very popular

among Skinheads. I am not Skinhead but Capricornus is. I have many friends among Skinheads and we support one another. I am a Pagan and I hate christianity, jews and others that would like to destroy my Pagan identity. If we want to fight against these scoundrels we must be strong. Political ideas are good to unite people and make us stronger. I think that it is very good that more and more bands use NS ideas. Progress of GRAVELAND from 1991 till today is huge because I develop my strength and I understand more things. And all the time I try to find better ways to make people understand their true roots that are destroyed by enemies of a White Man.

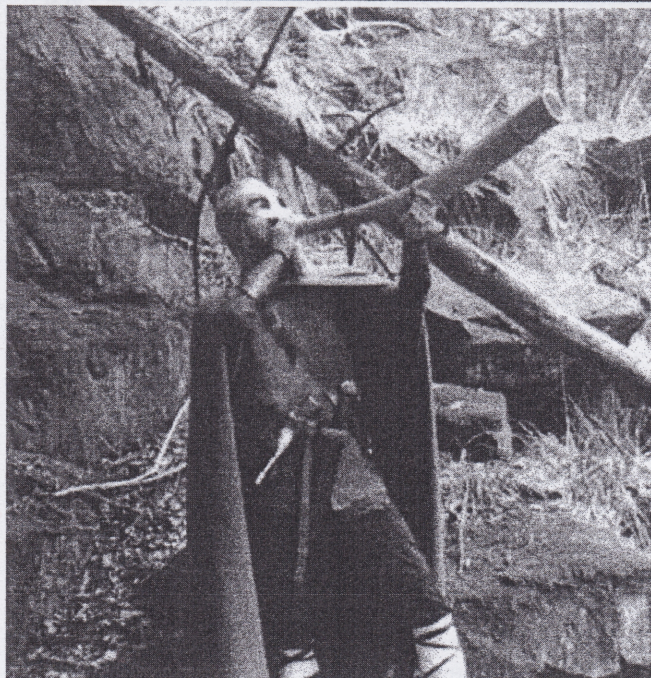

LORD WIND is your other band. Can you give some info on it?

LORD WIND is my Pagan Folk solo project. LORD WIND is full of longevity for all these things that passed away, full of respect for Pagan beliefs and traditions of our Pagan ancestors. There are Hope and Faith in this music. Music of LORD WIND is inspired by old compositions created by bards and troubadours. At the beginning GRAVELAND was very BM band. I used only BM riffs, etc. But besides BM I used to listen to old medieval music so I created LORD WIND to develop some ideas that I took from this music. I created LORD WIND to develop my spirituality. FMP released CD version of debut LORD WIND LP "Forgotten Songs". A long time ago I released tape version of this LP. There are some differences in tape and CD version. I changed some songs. I think that CD version is better than tape version. I sold all tapes I had released but I hope that thanks to FMP more people will listen to LORD WIND. After "Forgotten Songs" I had quite long break in work on LORD WIND. But once Wilczan of PERUNWIT asked me to compose music for staging of the Battle of Cedynia. Originally this battle took place in 972. Slavonic warriors of Mieszko the First were fighting against christian German warriors of Hodon and Siegfried. Wilczan has organized such staging for two years and he is very successful in that. Playing music for such event was a great challenge for me. Battles and fights have always inspired me. So I started work. I had a lot of time, around a year. When I created music for this event I realized that I have so many ideas than I created full time album. And this way I created "Heralds of Fight". On 24th of June 200 we met at Cedynia battlefield. 200 warriors. I was fighting on German side as Dutch mercenary. LORD WIND music resounded in the heat of the battle. It was really great. Battle of Cedynia was recorded on video film so maybe in the future it will become the part of GRAVELAND video. "Heralds of Fight" was released as CD and digipack version by NO COLOURS Rec. Now I am working on new LP of LORD WIND. I hope I will finish work in January. This new LP will be different

than "Heralds of Fight"... more symphonic... and at the same time Dark Folk Music. It is very difficult to describe it in fact. You must wait... to see what it will be.

Poland is an ex-communist country, now very influenced by the catholic church. How is life for a Heathen / Racialist there? Is there any NS movement active?

Poland is a very weak country governed by judeo-catholic scum. Big parts of Polish lands, factories, etc. are sold to German businessmen. The only problem is that it is hard to tell if Germans buy Poland or fucking jewish scoundrels. I do not have anything common with this. Poland needs a strong person that would take care of everything and clean this country from all scum. People brought in spirit of Polish-catholic mentality create false image of Poland. People like that go to Western countries and behave as scum. It is a shame. They work for nothing doing things that proud people would never do. I hope that one day it will finish. So in general I can say that Poland is a country of catholics. Catholic church has a huge influence on everything that takes place in this country. This way it has more money (by the price of lower standard of living of ordinary people) so it becomes more powerful. One cannot separate these two things. Church has huge influence of politicians and political life. Multitude of all the time strong communists is the only antipode to church. But these two powers know how to co-operate to weaken Poland and sell it to jewish corporations. Polish society is robbed all the time. In exchange it gets pseudo-values created by Western countries, by freemasonry mass propaganda masters. Evident negro-semitization, pop-culture, illusions and false pretences of freedom and democracy.

Thanks to this kind of manipulations people become blind mass

very easy to manipulate and exploit by government, church, freemasonry and jews. Ordinary Polish man is like a slave. True values and ideas are destroyed and replaced by pseudo-ideas and idols created in order to destroy will and power of society. You ask me about NS movements. NS movement in Poland must stay in underground because of possible repression. Only few groups act officially. In fact in Poland there are many Skinheads. There used to be many Skinhead organizations but their activity was not visible because they did not have clear and determined plans and ideas to follow. Some time ago this situation changed with the appearance of Neo-Pagan movements which are source of new ideas that are much closer to identity and character of a White Warrior. In Poland Skinhead movement can be divided in two parts: Pagan Skinheads and catholic skinheads. These two groups do not fight against one another but they do not support one another either. Neo-Pagan Skinheads are closer to NS Ideology and catholic skinheads to nationalistic ideas. These two groups are official movements but still they are repressed by mass media and State Security Bureau and other government organizations. Neo-Pagan Skinheads work mainly in the underground while catholic skinheads work officially. They are supported by church but this way they are used by church to different kind of political games. These two kinds of activity affect foreign politics. So Neo-Pagan Skinheads co-operate with Skinhead movements from other European countries as e.g. Germany and Russia. Catholic skinheads hate other European Nations. They firmly consider Germans as eternal enemies of Poland. They see everything through "WW2 glasses" and are not able to see wider context.

You have a strong Hate against judeo-christianity and foreign influences that have poisoned Mother Europe and the Aryan Folk. I know some years ago church burning took place in Poland and you got some problems with police. What really have happened?

I will repeat what I always say: Gods take care of me so fortunately I did not have big problems with the police. I have never been arrested but it does not mean that everything is ok. Situation is very dangerous. Our problems with the police started in 1995. In general years 1995-1997 were very dark. We did not know what new day would bring. Because of our ideas we had problems with the police and State Security Bureau. It was time of our problems with Karcharoth. I was accused of trial of murder and church burning. I also had problems with the financial police. They were interested in my ISENGARD PRODUCTION. All this was very depressing and dangerous. All of us could finish in prison for many years. But this opened our eyes. We understood what was going on in Underground. We had to be very careful because spies were everywhere. Generally 1995 was not a good year. During meeting of the Temple of Fullmoon in Szklarska Poreba the police arrested some of us. We lost many very important materials as magazines, zines, etc. Huge source of information for the police. Because of this incident TTF was dissolved. At that time many people that were too weak to deal with such problems left underground, others dissociated themselves from us. But those who stayed in underground despite all difficulties and danger, now are strong and very valuable people for Neo-Pagan movements in both aspects: cultural and political. I am not sure if today situation is better and easier. We still have to be very careful. State Security Bureau gets money from European Union to look for Nazi organizations in Poland. So they are doing their best to find Nazi even among people who have nothing to do with it and sometimes are even anti-German. No one who tries to do something to save native Polish Pagan traditions and culture is safe. I have very radical ideas but I am not Nazi and I have never been (Capricornus and Karcharoth are responsible for calling GRAVELAND a Nazi band) but the police want to catch me. Some of my friends from Polish underground were visited at six in the morning by anti-terrorist group. They were looking for Nazi stuff. Of course they did not find anything. It is obvious that what the police do is a real persecution. There are full of lies articles in local newspapers according to which Wroclaw is the biggest center of Nazism in Poland and GRAVELAND next to HONOR and KONKWISTA 88, is the biggest Nazi band. It is like witch hunting. No one is safe!!!

Poland have a great Racist scene and there is a big union of bands, also very often you've done meetings and action. Tell something about...

Polish scene has an opinion of the most radical one. And I think it is true. I think to some degree I answered this question in my previous answers. Polish underground is united by Pagan ideas. Bands as NORTH, PERUNWIT, IUVENES, WOJNAR, CAPRICORNUS, THOR'S HAMMER, DARK FURY, GROM, FORTNOSTEM, WILK, work for Return of Paganism. The split I recorded with Skinhead band HONOR was a kind of unification between BM and Skinhead scene. Here I would like to explain one very important thing. Very often GRAVELAND and the Polish Underground (some bands) are called Nazi. It is a big misunderstanding. I think it is more lack of more proper term for this ideology. My interviews and opinions are too extreme for many people and my ideas can be called Nazism. I think that the NS Movement is one of the ways to save our world. Paganism and Nazism have many common ideas. GRAVELAND has always had problems because of our extreme ideas but I have never been afraid of showing what I think. Now NS Movement takes inspirations from Pagan belief and mythologies because faith is a great weapon against all enemies of White Race. Maybe the term "Nazism" is not proper one due to it there are so many

misunderstandings. Maybe it should be called "White Man Ideology" or something like that. And if we use this term I will never deny that I support and spread White Man Ideology. But for enemies of our Folk it is even worse than Nazism, because White Man Ideology makes sense and has future. So support White Man Ideology!!!

What do you know about Hellas (History, NS music scene, etc.)?

Hellas is a Cradle of European Culture. Fortunately we spend some time at Polish schools to learn about this. So we know pretty much about pre-Christian history of Hellas... in fact much more than about Polish pre-Christian times. I do not know too much about NS scene in your country but I know that I have many fans there...

GRAVELAND have been boycotted because of the band's attitude by the commercial music industry who everyone can express extreme opinions except of course the White Racist people and "non-politically correct" bands, right?

Left wing scoundrels have always attacked my ideas and Values I respect. They accused me of many different things... but they never showed their true motives. From the very beginning of rebirth of Paganism in Poland, Wilczan and I bravely started restoring ancient traditions and beliefs... we celebrated Pagan feasts on Sleza Mountain. We did not care that fucking left wing magazines defamed. I

thought that thinking intelligent people will tell truth from the falsehood. At that time we learned that Nergal of Behemoth is a fucking traitor and coward. He used support of scoundrels that hated us and this way Behemoth became BM star among scum similar to him. At that time it was very popular to be anti-GRAVELAND so according to their primitive thinking anti-fascist!!! But although many such attacks (mainly from Poland) I stayed faithful to my ideas and values... faithful to my convictions... my music, all my creativity became effective weapon against my sworn enemies.

Many people think to release a CD or demo is enough for our Sacred Cause. What in your opinion a real Fighter can do in his everyday life?

For sure releasing a CD or demo is not enough. Although music is a great weapon against our enemies. But we cannot forget that life is a never-ending fight. Life is a Battlefield. We cannot afford for the times of weakness. Each of us all the time is observed by enemies. They wait our weak moments to be able to attack. We always should be ready for attack of our foes. All the time getting ready to this moment, gain knowledge and War skills. Such behavior will ensure us proper development in all spheres of our lives. Proper hygiene and physical and mental health. Our culture, customs, identity and beliefs need this. Through my music I try to explain to people the importance of Warrior role. I try to strengthen Cult of Warrior, of Proud Hero. Such Ideals are destroyed today by system that wants to create brain washed society easy to manipulate. Today system tries to deceive us. The best example of today's usurper masters of this world politics was brutal war against free and independent country Yugoslavia. In today's world no one is free, no one can fight for his identity because "masters of this world" know better what is good and what is wrong for everyone. Situation in Yugoslavia is a great example of everything I used to talk about. Democracy and freedom are illusions. Those talking about love, peace and human rights are the biggest liars. This is why Warrior Ideal is so important because it teaches Pride, Honour and Courage that all slaves of system lack.

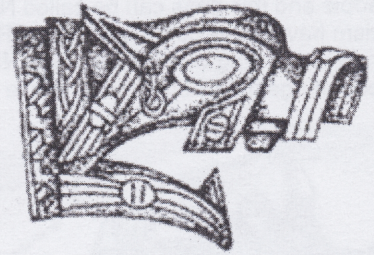

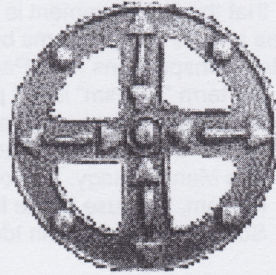

What lead you to co-operate with the RAC/WP band, HONOR?

During Winter 1999/2000 I recorded material for split CD with leading Polish Skinhead band HONOR. This split "Raiders of Revenge" is released by RESISTANCE REC. It was not my idea but when HONOR proposed me to release such split, I agreed because we have similar ideas and aims so why not? It is a good way for unification and bringing together BM and Skinhead underground. More and more people from BM underground support Heathen native traditions and beliefs of White Man. The same with Skinhead underground. So why not support each other and co-operate? Thinking and progressive BM and Skinhead music fans will understand what we want to say. I think that this split was the event of the year. I am sure that many left wing scoundrels and others who are against us will be surprised. And that is good. But times when Metal fans and Skinheads were enemies are the past now. New times are coming. And it requires co-operation in fight against enemies of our Folk. Such situation also deters all posers from BM and it stops fashion for BM. Very often left wing scoundrels accuse us of Nazism so this way they deter many potential listeners of our music from listening to our music and the fashion is stopped. I think it is very good because it can save BM. The police and State Security Bureau are already interested in this split.

That's all Comrade, thanks for your precious free time. Your last message to the Comrades and readers?

I would like to thank you for this interview and support. Work for Rebirth of Ancient Beliefs and Traditions of your lands. We need Faith to be strong. Our Gods are still with us, in our Blood and in our hearts. Open yourself and let them come back in Victory and Glory!!! Otherwise our Folk will perish!

Path Of Wotan

By Wotansvolk

The famous Greek philosopher, Parmenides of Elea, who was born in the sixth century B.C.E., wrote a philosophical poem about the way of seeing and the way of truth. In his poem he argues that the multitude of sense objects which come into existence and then pass away in time cannot be considered as true being, which is motionless and changeless.

Life as we perceive and experience it is an ongoing process of motion, friction and change. If we accept the proposition set forth by Parmenides, what then constitutes our living reality in this world and what is our purpose to maintain such a reality?

What propels most of mankind through this life is a sense of being and becoming, of consciousness and subconsciousness simultaneously. Each man and woman born into this world as a biological organism is composed of living being and soul. Being that has soul is living being, soul is the living thing in man and that which lives of itself and causes life.

Each race of man, unlike man himself, through the course of time and history develops its own distinct being and soul. As a race, this is projected through the culture, heritage, traditions, religion and mythos, which is the combined expression of its people.

Without this reality of expression the history of mankind would be a series of haphazard events without form, meaning or direction.

Every living being and creature on this planet has its own unique individuality and identity as a species and should function accordingly, as the plan of Nature's Laws dictate.

Our genetic make-up identifies who we are in life's order of things. What forms our character consists of two major factors, essence and personality. Both are important, but of the two, essence is more dynamic and significant. If we govern ourselves only through our personality devoid of essence, more often than not it develops a somewhat vain and shallow self character. It is much like a young boy's boast of "I am King of the castle!" while already the tide laps 'round the sandy foundations. It is only when an individual or race has a strong essence that the world stands in awe and great things are accomplished. The powers of our Will, Soul and our Blood are our destiny!

Every race and each individual of that race has an important mission if this life experience is to have meaning and purpose. Above all else, it must follow the genetic upward path of its people to attain perfection and completion. In doing so, however, a people must preserve those racial, primal elements which maintain their own unique character and culture.

Friedrich Nietzsche wrote that man is a rope fastened between animal and superman, a rope over an abyss . . .

Nietzsche further stated, *"For the few men and women of purpose, they are blessed with the certainty that, unlike the billions who live and die with no more sense of identity or mission than sheep or cattle, their lives have meaning, that they do not live, and dream, and struggle, and suffer in vain, that their existence counts for something. For it is their conscience and their purpose which will determine the form and spirit of the new order which one day will rise on this earth. And it is their descendants who will take the next step within that new order toward the superman."*

Our ancient, White ancestors understood that to ensure our heritage and racial survival, expansion and advancement we must initiate means to galvanize our Folk Consciousness. Allegories and myths were developed along with a variety of archetypal gods which best represented Nature's Law and the collective consciousness of the Folk. Foremost and most consistent among all these archetypes was the Teutonic God, WOTAN.

We see symbolized in Wotanism an effort of dynamic will and self-discipline, an effort of intense training of the mind. Through this awareness we put aside the limitations imposed by the "little self" in order to obtain the wisdom and power of the "higher self". As demonstrated continuously throughout the last three millennia, Wotanism opens channels in the mind of unlimited potential enlightenment and cohesive strength, not only for individual self-development, but most importantly for the race itself.

Wotanism has been a constantly shifting, historical phenomenon transforming the Aryan consciousness of the age, making the hitherto invisible visible.

The notable 19th century German composer, Richard Wagner, wrote a number of sweeping, Wotan-inspired musical scores. Much of this music is highly infectious and inspirational, often capable of reaching deep into the subconscious psyche of Aryan man.

Richard Wagner understood the necessity of the Aryan Ideal and that an immediate folkish awareness was essential for the self-assertion and the progressive evolution of the race.

All contemporary political and religious trends today are aimed at reshaping this era in White history, by raising the depths and debasing the heights with false notions of democracy, equality and universalism. This retarding of our natural instincts works like a lethal cancer eating away the vital life forces spiritually, genetically and culturally.

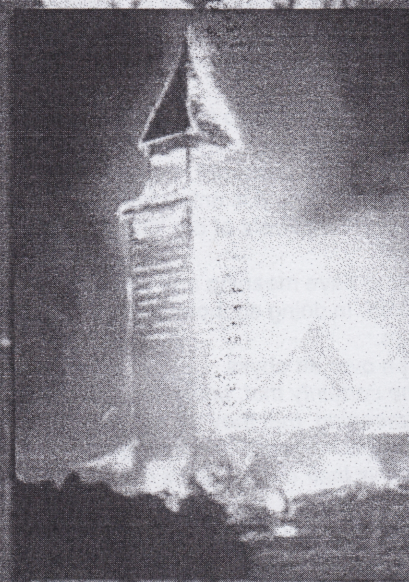

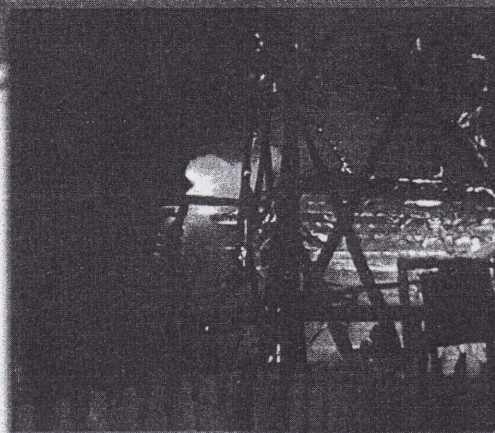

In these current times we can better appreciate what the historian Cornelius Tacitus wrote in the days of ancient Rome: *"Freedom (Libertus) in the Indo-European sense is only possible where a people strives to achieve the value of virtues, the dignity of the powerful, upright individual man. If in a people the freedom of the city masses, who desire welfare (bread and circus) from the state, triumphs then in such a state, the freedom of the individual man and that of the minority will be steadily suppressed by the majority. That is to say, the equal subjection of all under one tyrant."*

Wotanism is the inner voice of the Aryan soul which links the infinite past with the infinite future. It is not vanity for a race to want its qualities to continue; it is a biological instinct! A race without its mythos and religion of the Blood shifts aimlessly through history.

Through the indigenous, nature-based Path of Wotan our biological determinance is assured.

Wotan beckons to all who understand that the highest path which can be achieved is the heroic path, reaching toward our highest potential as a race and the deepest roots of our collective consciousness and living-being as a Folk.
